

Chauffeuse 1940's

Sharp lines but generous comfort in this super chic chauffeuse. The original mid-century Parisian model was covered in satin; this version is in Blithfield and Co's Silver Lowell for our stand at Decorex 2013. The base is made of walnut in this version but could be done in a variety of wood, vellum, even mirror!

H: 95cm

D: 54cm

W: 50cm
