

Le Buffet

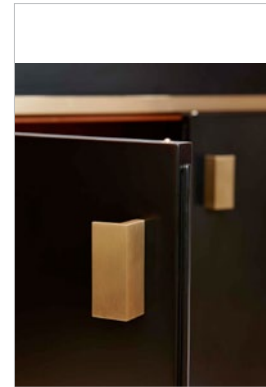

This versatile piece is inspired by a 1960's French design and has been adapted for the 21st century. Very elegant, with its simple lines and rich combination of materials, "Le Buffet" works equally well in a dining room, entrance hall, study or media room.

Hand made by highly skilled French furniture makers, this model features black satin lacquer finish on sycamore, inlaid brass and a mahogany lined interior. The brass handles are custom made to reflect the original period design. As with most of the collection, this piece can be altered in dimension and finish of wood, lacquer and brass to client's specifications.

L: 120cm

H: 85cm

D: 35cm
